PALLIATIVE CARE MYTH-BUSTING IN-PERSON SESSION

In Partnership with
Bethell Hospice

Wednesday, October 9, 2024
2:00 p.m. – 3:00 p.m.

Did you know that palliative care is not just end of life care? Palliative care is actually more about living than it is about dying! In fact, a palliative approach to care is ideally started earlier on in the disease trajectory, even from the time of a serious illness diagnosis, and is aimed at optimizing quality of life.

This engaging discussion addresses common myths about palliative care, and offers information on palliative care supports available in our community.
